Gordon,

Since you will not be in until tomorrow morning, I thought I'd send some additional background on our concern by email. The draft (LRB 0307) was intended to increase the child labor permit from \$5 to \$10, directing the additional \$5 to a new all moneys received PR appropriation under s. 20.445 (1) (gk). Under current law \$2.50 goes to the issuing agent and the remaining \$2.50 defaults to the general fund. The draft directs all revenue that doesn't go to the issuing agent (\$7.50) to go into the new appropriation, rather than just the \$5.00 increase. This prevents the \$2.50 per fee from reaching the general fund as it had. Some modified language will be needed for 2009 AB 75, page 416, section 517. Could you please advise us on this?

Thanks,
Jenna

Gordon,

I left you a voicemail message about this, but I thought I'd try you by email as well. We are concerned that LRB-0307/1 does not allow for the appropriate flow of revenue to the general fund. Could you please call me so that I can elaborate and pick your brain on the best method of resolution?

Thanks so much,

Jenna and Rob:

Then what you want is something like the attached budget draft which I drafted in 2001. The original drafting instructions were silent about the \$2.50 for the general fund, but I think that your e-mail of yesterday provides sufficient documentation of intent for me to include the fix in the LRB technical amendment.

Good Morning Art:

Re LRB-1500/P6, in SECTIONS 14 and 16, it looks like the phrase "approved by the joint committee on employment relations under s. 230.12 (3) (e)" was inadvertently left in as part of a cut and paste job. Secs. 20.865 (1) (im) and (sm) should cover represented adjustments and current law 20.865 (1) (ic) and (si) cover nonrepresented adjustments. We should put that in the technical amendment. Mystery cleared?

Analysis by the Legislative Reference Bureau

EMPLOYMENT

Under current law, DWD may fix and collect a reasonable fee for issuing child labor permits, street trade permits, and certificates of age for minors. DWD has fixed that fee by rule at \$5, 50% of which may be retained by a permit officer who is not employed by DWD and 50% of which must be forwarded by such a permit officer to DWD. This bill increases that fee to \$7.50 and requires a permit officer who is not employed by DWD to forward \$5 of that fee, and a permit officer who is employed by DWD to forward the entirety of that fee, to DWD, which must deposit that forwarded amount in the general fund and credit \$2.50 of that forwarded amount to an appropriation account created by the bill to pay for the expenses of providing an automated child labor permit system and for other operational expenses of the division of equal rights in DWD.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 1. 20.445 (1) (j) of the statutes is created to read:

SECTION 1

2206d
20.445 (1) (j) ~~Work permit system and fees.~~ All moneys received from fees collected under s. 103.805 (1), to be used for the expenses of providing an automated work permit system and for other operational expenses of the division of equal rights in the department.

***NOTE: This SECTION involves a change in an appropriation that must be reflected in the revised schedule in s. 20.005, stats.

SECTION 2. 103.805 (1) of the statutes is amended to read:

103.805 (1) The department ~~or a permit officer shall fix and collect a reasonable fee based on the cost of issuance of~~ collect a fee in the amount of \$7.50 for issuing permits under ss. 103.25 and 103.71 and certificates of age under s. 103.75. The department may authorize the retention of the fees by the A person designated to issue permits and certificates of age as compensation for the person's services if the person who is not on the payroll of the division administering this chapter may retain \$2.50 of that fee as compensation for the person's services and shall forward \$5 of that fee to the department, which shall deposit that amount forwarded in the general fund and credit \$2.50 of that amount forwarded to the appropriation account under s. 20.445 (1) (gk). A person designated to issue permits and certificates of age who is on the payroll of the division administering this chapter shall forward that fee to the department, which shall deposit that fee in the general fund and credit \$2.50 of that fee to the appropriation account under s. 20.445 (1) (gk). The permit officer shall account for all fees collected as the department prescribes.

(END)

XXXX NOTE: A communication received from DDA subsequent to the introduction of the bill clarifies that their intent was to increase work permit fees to \$10, of which \$2.50 would be retained by the permit officer, \$2.50 would go to the general fund, and \$5 would go to s. 20.445 (1) (gk) as created by the bill.

Joe,

The definition of "business" in new s. 560.2055 specifically includes "a proprietorship, partnership..." Should this say "sole proprietorship? If so, is that something that can be fixed without an amendment?

Dennis, you are right, your original instructions did not mention 38.15 (2). After receiving your original instructions, I asked you in an email about sub. (2). You responded by saying the second reference should be changed but not the first. Unfortunately, the reverse was done. The technical amendment is the appropriate place to correct errors that occurred in drafting where the instructions were clear but were not implemented. So as I wrote, we can reverse the changes; i.e., we can change the first reference to \$1M and the second to \$1.5M. Any other change would not correct an error that occurred in drafting, so I can't do it in the technical amendment. You have to get a separate amendment drafted or have the LFB include the change in a motion before Joint Finance.

Thanks Peter,

To confirm, there is no way the numbers in that paragraph can match either at \$1,000,000 or \$1,500,000 without an errata? The instructions I have don't actually mention 38.15(2); they only mention 38.15(1). Under that could we change it the crossed out \$1,500,000 back to \$1,000,000 under a technical?

Dennis -

This was a typing error. Your instructions of October 3rd stated that the second reference to \$1,000,000 should be changed, but not the first reference to \$1,000,000. My handwritten draft did that, but it was typed wrong. The first reference got changed and the second reference did not. If you like, I can correct this in the technical amendment. But if you want *both* references changed to \$1,500,000, I can't do that in the technical amendment because it doesn't reflect your original drafting instructions.

Peter,

In this draft in Section 2 the second \$1,000,000 is not crossed out and replaced with \$1,500,000.

SECTION 2. 38.15 (2) of the statutes is amended to read:

38.15 (2) No more than ~~\$1,000,000~~ \$1,500,000 in reserve funds, consisting of property tax revenues and investment earnings on those revenues, may be utilized by the district board to finance capital expenditures in excess of \$1,000,000 for the purposes under sub. (1).

WTCS is concerned and is now suggesting I do an errata. Do you feel that is necessary?

Repeal of the Qualified Production Activities Deduction

A reference to excluding the QPAI deduction was found in a section of the draft where it should not be.

PROPOSED CHANGE AND EFFECT:

Make a technical correction in bill section 1683 (s. 71.34(1g)(r), page 951, line 12), remove the reference to section 102 of P.L. 108-357. This statutory section refers to tax year 2005. The deduction was available to taxpayers in 2005.

RATIONALE FOR CHANGE:

It is a typographical error. The reference does not exist in current statutes, and is not underlined as an addition in the bill.
